COURT NOTES

Commencing this week and continuing up to May 1, the office of the Knox county auditor will be the busiest department at the courthouse.

County personal tax returns are now due and County Auditor Rinehart and his assistants will be busy receiving and filing returns up to May 1.

Already, Auditor Rinehart has mailed out thousands of taxation blanks and has distributed hundreds of others with notaries public throughout Knox county.

Assessors in every township, municipality and taxing district of Knox county and in the wards of Mt. Vernon are assisting in the work.

County Auditor Rinehart announced this morning that the following assessors are at work in Mt. Vernon: First Ward—Robert Hyatt.

Second Ward—W. G. Way.

Third Ward—To be appointed by the auditor.

Fourth Ward—Melvin Gatten.

Practically every township has an assessor, according to announcement made by Auditor Rinehart this morning.

In making personal tax returns every person is entitled to an exemption of \$100 of personal property upon which no tax is collected, provided, however, that the return of property is made to the county auditor on one of the blanks before May 1. If no return is made before that date and if the auditor grants no extension of time within which it may be filed, the person making the return loses the \$100 exemption and must pay on all his property.

Persons may go to the assessors in the various wards or townships and, without expense, have their returns made out properly. Or they may make out the blank themselves and make affidavit before a notary public.

Last Sunday, April 9, was tax day. That is, whatever you have in your possession on that day in the nature of personal property must be reported to the county auditor for taxation purposes.

Allowing extreme cruelty and that the defendant has failed to provide her with the necessities of life, Nellie Robertson has commenced suit for alimony against Paul Robertson in the Knox county common pleas court.

Plaintiff in her petition states they were married Dec. 23, 1905, and that no children were born to them.

Plaintiff says the defendant has been guilty of extreme cruelty and has cursed and abused her. She relates that his treatment was such that she was compelled to leave him and is now at the home of her father. She says she and the defendant are joint owners of land in Liberty and Milford townships. She asks for an injunction restraining the defendant from disposing of any of his property, real or personal.

A temporary restraining order has been granted by Judge Duke of the

probate court. Upon final hearing the plaintiff asks for alimony.

The Centerville Savings Bank, the First National Bank of Centerville, and the New Knox National Bank of Mt. Vernon are named as defendants in the action.

Michael Nixon, long a well known and highly respected resident of Mt. Vernon, died Monday night at 11:20 at his home, No. 403 East Ohio avenue. He had been falling in health through a period of two months past. He had been confined to his bed only during the past two weeks, such was the vigor of this constitution with which he withstood the inroads of disease and other natural infirmities incident to advanced age.

Except for the first 10 years of his childhood practically all of his life had been passed here in Mt. Vernon. Mr. Nixon was born December 15, 1840, at Mt. Hope, Holmes county. His mother died when he was but two years old. An aunt became a second mother to the motherless child bringing him safely through all the sicknesses and troubles incident to childhood and seeing him well into manhood's estate.

When Mr. Nixon was a boy 10 years old his father removed from Holmes county to Knox county. When he was 17 years old Michael Nixon secured a teacher's certificate and taught the school now known as the Walnut Hill school, near Ankenytown. This period of his life was one that ever after afforded him great pleasure. In subsequent years it gave him much satisfaction to attend the annual reunions of this school. At the annual meeting last year he had the distinction of being the oldest former teacher present.

For a period of 30 years and 30 days he gave his time and his efforts to the dry goods business in Mt. Vernon. He was first with Browning & Sperry and H. C. Swetland, both firms of an earlier day that will be remembered by many of our older residents.

For a period of five years he was in charge of the Dunn-Taft store, in the building where the Chamber of Commerce now is located. Another five years was with the firm of McKee & Nixon.

For several years also he conducted a hotel in Mt. Vernon in the building where the Wisner hotel now is. His interests being more intimately associated with merchandising he returned to that occupation.

Mr. Nixon was married September 15, 1870, to Miss Clara Beaty. It was the happy privilege of Mr. and Mrs. Nixon in 1920 to celebrate their golden wedding anniversary. This anniversary was celebrated in the same house in which they had been married 50 years before and which had been their home all through the years. Mrs. Nixon survives her husband with one daughter, Dr. Isabelle Nixon.

During the ministry in Mt. Vernon of the Rev. R. T. Hall Mr. Nixon united with the Congregational church. Thereafter he continued steadfastly a faithful, humble and zealous member of this church. He served the congregation from time to time in many capacities, as deacon, trustee and for many years as superintendent of the Sunday school.

His interest in humanitarian work was such that he became a charter member of the Knox county branch of the Ohio Humane Society serving continuously as secretary-treasurer.

For the past 13 years his work has been at the Y. M. C. A. as assistant to General Secretary D. M. Spence. His interests in boys was such that he found much enjoyment and satisfaction in being among them. The influence he was able to exert among them quietly was effectual and abiding. Reluctant to give up his work for and among the boys it is possible that he continued at his duties even longer than he should.

This announcement of the death of

Mr. Nixon will be received with much regret on the part of those who knew him and came into daily contact and association with him.

The funeral will be held Thursday afternoon at 2 o'clock at the home, 403 East Ohio avenue. Burial will be in Mount View cemetery.

KNOX CO. NEWS

Judge Frank O. Levering of Mt. Vernon is the new president of the Knox Tire & Rubber Company, as a result of the reorganization meeting of the stockholders held in Mt. Vernon Wednesday.

The new charter for the company, incorporated under the laws of Ohio for \$400,000, arrived in the city Wednesday and immediately the new directors and officers were elected.

Following are the directors and officers for the company as elected to-day:

Directors—C. F. Vandervort of Yellow Springs, O.; J. P. Robson of Barton, O.; George W. Ball of Bellaire, O.; W. E. Johnson of Lexington, Ky.; G. L. Stephan of Columbus; M. G. Spencer of Cleveland, O.; and George H. Jones, Marker M. Lybarger, Ezra Turney, F. D. Spencer and F. O. Levering all of Mt. Vernon.

At the directors' meeting the following officers were elected for the company:

President—Frank O. Levering, Mt. Vernon.

First Vice President—Harker M. Lybarger, Mt. Vernon.

Second Vice President and Sales Manager—J. P. Robson of Barton, O.

Secretary—F. D. Spencer of Mt. Vernon.

Treasurer—George H. Jones of Mt. Vernon.

At the conclusion of the hearing before Referee Greer on the motion of L. C. Penn et al. to require immediate compliance with the terms of the sale of the plant and property of the Knox Tire & Rubber Co., Tuesday afternoon, the referee announced he would take the matter under consideration and will give a decision in the course of a few days.

In the course of the hearing the court intimated that while the limit of patience had been reached so far as the performance or non-performance of the purchasers is concerned, he is not wholly convinced that anything may be gained, if there may not be an actual loss, should a resale be ordered.

Referee Greer stated his course would be clear could be satisfied that another offer of \$175,000 for the property would be forthcoming from any source. People in Cincinnati have been represented as ready to bid for the property but their representatives, when in Mt. Vernon, asserted they would not offer over \$150,000. The court is reluctant to penalize the stockholders to the extent of \$25,000 so long as there is a possibility that, by permitting matters to drift for a season, the present purchasers ultimately may be able to put up the amount of the purchase price.

At the hearing, Judge F. O. Levering informed the court there is not the least doubt that ultimately his clients will have paid in through their subscriptions the amount of the purchase price. These payments have been coming to the committee more rapidly than there had been reason to expect. While all the later subscriptions were made upon a cash basis, most of the earlier ones were made on the basis of payments at certain times. Some are extended as late as next August.

The committee members are in a position where they are assured, they believe, of the purchase money. They wish to avoid the necessity of borrowing the money and paying interest, which they must do if immediate payment is insisted upon. They can pay at once \$30,000 or more, and are willing to do this if the court requires it.

The contention is raised that even with the purchase money in the hands of Trustee Ashbaugh, the settlement of the affairs of the old company and the distribution to the stockholders cannot be greatly expedited because certain claims are in litigation and their determination and the time are wholly uncertain. There can be no material damage done by granting a delay until such time as the subscribers have paid in the total of their pledges.

Referee Greer stated that he had understood from a conversation he had had with Judge Levering that the committee would be ready to make a final payment by April 10. Judge Levering stated he had not made such a statement and what he had said had been misunderstood.

Attorney H. C. Davis, appearing for L. C. Penn and others of the advertised terms of the sale had been cash; that had other bidders been aware they were to be given such time and consideration as has been given the present purchasers, it is

not improbable some would have offered higher bids. His committee simply asks that the purchasers be required to comply with the terms of the sale and if they do not comply that a resale be ordered. No assurance was offered the court that a bid equivalent to the \$175,000 originally offered will be made in the event a resale is offered.

The court, at the conclusion of the hearing, being not ready to rule upon the motion, announced it would be taken under consideration for a few days.

Carl Frye, employed by Joseph Hall on the old Gambler road, had both bones in his left leg broken Wednesday morning when a team which he was driving became frightened and ran away, throwing Frye off the wagon.

The injured man was taken to Mercy hospital in McCormick's ambulance, where a physician reduced the fracture.

Late Monday afternoon Prosecutor Paul M. Ashbaugh, Deputy Sheriff Purcell and Constable Sensesel unearthed a 15-gallon still in a tent on the Hess farm in Jefferson township.

In addition, the officers found one barrel of mash and 14 quarts of corn whiskey.

The officers arrested Kenneth Greer of Jefferson township and Cloyce Hess, of Columbus, alleged to have been operating the still. The men were placed in the Knox county jail.

Wednesday, Prosecutor Ashbaugh filed charges against the two men charging them with unlawfully possessing intoxicating liquors.

A paper is being circulated about the city to raise a fund with which to purchase suitable gifts for the members of the Mt. Vernon high school basketball team.

Citizens desiring to contribute can leave their subscriptions at the business office of The Daily Banner.

In order that the children of the schools may have an opportunity to contribute to the fund Superintendent A. W. Elliott has arranged with the principals of the ward schools, also the high school, for a collection. Scholars in the ward schools can contribute from 1c to 5c, while in the high school the amount contributed is optional.

A prisoner, in charge of the sheriff of Mahoning county, created all kinds of excitement in the local Pennsylvania yard this morning when he jumped through a window of a passenger train just below the railroad shops.

The Youngstown sheriff was taking the prisoner to the Ohio penitentiary. About a half mile below the local shops the prisoner jumped through a window while the train was running about 45 miles an hour.

The train was stopped at once and the sheriff and his deputy started in search of the man. They found the prisoner lying beside the track. His jump from the train had stunned him and he was unable to move after striking the ground. The prisoner was loaded on the train and taken on to Columbus in charge of the sheriff and his deputy.

That the Knox county memorial building commission will go to Columbus and Greenville to inspect buildings from which the members may secure ideas to be incorporated in the Knox county memorial building was announced Wednesday by H. C. Devin, president of the commission.

The commission, the party including all the members, plans to make this inspection trip next Tuesday, April 18. Soon after making this trip it is probable the first action to be taken by the commission will be to engage an architect to draft plans.

The commission further hopes to have the benefit of the architect's advice in selecting a suitable site.

The matter of the proposed division of the building fund having been disposed of, the members of the commission hope to be able to make relatively rapid progress henceforth.

A poultry demonstration under the auspices of the Farm Bureau was held Monday afternoon in the Community room of the Knox Savings bank. It was attended by the leaders in the different communities of the county in charge of the poultry feeding project. Among those present also was E. E. Vickers, poultry specialist, of the O. S. U.

The records of egg production kept four months, November, December, January and February, were surveyed. They show the highest producing flock with 35.6 eggs per hen each month. This figures a profit of 79c per hen. The lowest producing flock gave less than one egg per hen. This figures a loss of 10c per hen.

It was decided in discussion that the chief causes of these differences was in the maturity of the pullets and in feeding. It was agreed to promote a better feeding campaign this summer.

Ten rules for the correct maturing of pullets were drafted. These are:
